

Grant for Advanced Training Elective in Molecular Diagnostics

Grantor: College of American Pathologists Foundation

Closes: 10/1/2010

Maximum: \$2,000.00

Grant for Advanced Training Elective in Molecular Diagnostics

Deadline: October 1

Award Amount: To support travel and living expenses for the training period up to \$2,000. It is expected that the recipients' own institution will continue to provide for salary and benefits during the award period.

Purpose: To provide adequate time for residents to acquaint themselves with the technology in molecular pathology and FISH. This grant is available within the United States and Canada only. Applications will not be funded for training electives which are completed or begun before notification of the award.

Time Commitment: Four (4) weeks.

Eligibility: Pathology residents and those in fellowships. Applicants must be a CAP Junior Member or have an application pending.

Selection Process:

- * Need: technology is not available as needed at the applicant's institution
- * Scientific merit of the application: future use of technology
- * Value to the applicant
- * Letter of Recommendation

Participating Host Institutions and Programs

For a list of past participating host institutions, contact the Foundation at 800-323-4040, ext. 7324 or email your request to capfdn@cap.org.

Application Guidelines. Applicants are required to submit the following information:

1. Completed Application Form
2. Curriculum Vitae
3. Name of the training program, and the name and location of the laboratory where you would like to pursue training.
4. Narrative Summary — no more than 500 Word Formats
5. Supporting letter from the home institution's residency program training director or department chair
6. Supporting letter from the director of the laboratory at the host institute where the training will take place

All documents must be typed.
