

Society of Toxicology Undergraduate Toxicology Education Program Award

Grantor: Society of Toxicology

Closes: 10/9/2010

Maximum: \$0.00

Society of Toxicology Undergraduate Toxicology Education Program Award

Award Description The Undergraduate Toxicology Education Program Award provides support for awardees to participate in the Undergraduate Education Program at the SOT Annual Meeting. This program is an introduction to the discipline of toxicology for undergraduate science majors and includes an orientation, a special poster session with scientists, and activities with a SOT mentor. The travel awards are for those from institutions that receive a limited amount of Federal funding in science and technology. Students attending institutions NOT included in this institution list http://www.toxicology.org/ai/fa/NSF_List.pdf are eligible. Preference in selection will be for students who are first generation college attendees (that is, neither parent graduated from a four-year academic institution).

Meeting registration and support for travel, lodging, and meals are provided for students who are not local to the meeting site. Students from local institutions receive registration, meeting materials, and an expense stipend.

Apply by downloading application files from the SOT's Web site, completing, and having the advisor e-mail to SOT Headquarters

Mail the signed application page (only) to:

Undergraduate Toxicology Education Program Award
