

John Dystel Prize For Multiple Sclerosis Research

Grantor: American Academy of Neurology/National Multiple Sclerosis Society

Closes: 11/1/2010

Maximum: \$15,000.00

John Dystel Prize For Multiple Sclerosis Research

In conjunction with the American Academy of Neurology, the National Multiple Sclerosis Society established the John Dystel Prize for Multiple Sclerosis Research in 1994 for the purpose of recognizing outstanding contributions to research in the understanding, treatment or prevention of multiple sclerosis. This annual prize is funded through the John Dystel Multiple Sclerosis Research Fund at the National Multiple Sclerosis Society.

All investigators who are actively engaged in fundamental or clinical research related to multiple sclerosis are eligible for nomination for this prize. The annual award will be made in the amount of \$15,000, to be used at the discretion of the winner. The selection of the prize winner will be in the hands of a special joint committee of the National Multiple Sclerosis Society and the American Academy of Neurology. The award will be presented at the annual meeting of the American Academy of Neurology, during an MS research symposium which will include a presentation by the winner on his/her research. Full recognition of the award will be made in Society publications and to the media.

All nomination materials must be submitted by November 1, annually. The Prize winner will be notified by February 1, annually. Further information is available from the Research and Clinical Programs Department of the National Multiple Sclerosis Society or from the "John Dystel Prize Subcommittee" at the American Academy of Neurology, 1080 Montreal Avenue, St. Paul, Minnesota 55116, (800) 879-1960 or (651) 695-1940.
