

American Physiological Society Water & Electrolyte Homeostasis Section Predoctoral Research Recognition Award

Grantor: American Physiological Society

Closes: 11/14/2010

Maximum: \$500.00

American Physiological Society Water & Electrolyte Homeostasis Section Predoctoral Research Recognition Award

The Water & Electrolyte Homeostasis Section Predoctoral Research Recognition Award (\$500 plus reimbursement of the advance registration fee) provides support for travel expenses for junior investigators to attend the annual Experimental Biology Meeting. To be eligible, the investigator must be a pre-doctoral student. Applicants must be first author on an abstract submitted to an APS Water & Electrolyte Homeostasis Section topic category (tbd) at the EB meeting. The Section Steering Award Committee will judge the abstracts and name 3 finalists who agree to travel to EB and present an oral presentation in a WEH sponsored session. All finalists will receive \$500 and reimbursement of the annual meeting advance registration fee. Finalists will be judged on the presentation, and one student will receive the Research Recognition Award (an additional \$500). Finalists will be recognized and the awardees will be named at the Water and Electrolyte Homeostasis Section Luncheon and Business Meeting at the EB meeting. Awardees must attend the Experimental Biology meeting in order to collect the cash prize. Applicants must provide a copy of their submitted abstract.

All application materials must be submitted by November 14, 2010.
