

National Hearing Conservation Association Scholarship Foundation Student Conference Award

Grantor: National Hearing Conservation Association Scholarship Foundation

Closes: 11/3/2010

Maximum: \$0.00

National Hearing Conservation Association Scholarship Foundation

The Scholarship Foundation of the National Hearing Conservation Association (NHCA) is pleased to announce the availability of a limited number of student travel awards for the 36th annual NHCA conference, to be held February 24-26, 2011, in Phoenix, Arizona. In addition to outstanding technical presentations on hearing loss prevention, there will be numerous opportunities to attend in-depth workshops, poster sessions, and discussion groups. We have a great program in store, as well as a fantastic Friday night get-together event.

The Student Conference Award (SCA) includes paid registration to two workshops (February 24), the annual conference (February 25 & 26), lunches, social activities, and a stipend for travel expenses. This one-time Award is available to students who are actively pursuing a graduate degree in a discipline related to hearing conservation and who are enrolled at least half-time in an accredited university program. Previous recipients of the NHCA Student Travel Award include masters and doctoral-level students in audiology, human factors engineering, industrial hygiene, and public health, from a variety of universities across the country.

Interested students may contact the NHCA office (303.224.9022) or visit the NHCA website for more information about the award and to download a 1-page application. Completed paperwork must be received in the NHCA office no later than November 3, 2010. Students will be notified of the results by January 3, 2011. Students who have previously received an SCA are not eligible.

Deadline to submit applications: November 3, 2010

Questions should be addressed to:

James Jerome

Coordinator, Student Travel Awards
