

Ajinomoto Amino Acid Research Program

Grantor: Ajinomoto Co., Inc.

Closes: 3/31/2010

Maximum: \$100,000.00

Ajinomoto Amino Acid Research Program

Description

Amino acids have a variety of roles in the biological system. AJINOMOTO Co., Inc., Japan, is interested in supporting innovative research focusing on the biological aspects of amino acids, such as nutritional, physiological and pharmacological functions and properties.

Ajinomoto Co., Inc. welcomes applications from individual investigators or from groups of investigators from the same, or from different, institutions working together to pursue a general overall theme with common objectives.

Objective: Identification of, and support for, innovative research initiatives that investigate novel functions/properties of amino acids in the areas of nutrition (including, but not exclusive to, studies involving animals or aging humans), physiology, and/or pharmacology.

Application Categories

This call will focus on two support program types as follows:

a. Exploratory Research Grants.

Ajinomoto Co., Inc. will consider applications from individuals or groups from non-profit institutions that explore novel functions/properties of amino acid structure, biology, nutrition, physiology and/or pharmacology.

Ajinomoto Co., Inc. will accept applications for a maximum of U.S. \$100,000 in direct costs per annum for up to two (2) years of total support.

b. Young Investigator Research Grants.

Ajinomoto Co., Inc. will consider applications from investigators who are within 5 years of their first appointment as independent investigators by the deadline for receipt of full applications. The scopes of these studies should be the same as those outlined above for Exploratory Research Grants. Ajinomoto Co., Inc. will accept Young Investigator Research Grant applications for a maximum of U.S. \$100,000 in direct costs per annum for up to two (2) years of total support.

Application Deadlines

Applicants must file a pre-application at the pre-application page no later than March 31, 2010.

Full applications must reach no later than August 1, 2010.

Late applications will not be accepted.

Start Date

April 1st 2011

An Application Form for the full application will be available for those who have passed the selection of the pre-application.
