

## **Association for the Advancement of Medical Instrumentation Michael J. Miller Scholarship Program**

**Grantor:** Association for the Advancement of Medical Instrumentation

**Closes:** 4/1/2010

**Maximum:** \$2,500.00

Association for the Advancement of Medical Instrumentation Michael J. Miller Scholarship Program

Applications are being accepted for the AAMI Foundation's new Michael J. Miller Scholarship Program, which aims to provide scholarships to students pursuing careers in medical technology.

The program will award an annual \$2,500 scholarship to a clinical engineering student and \$2,500 to a biomedical equipment technician (BMET) student.

Applicants must be enrolled in a community college or university program and be pursuing a career in clinical engineering or biomedical technology. As part of the application, applicants must submit a short essay on his or her technical aptitude, academic excellence, and commitment to the profession.

To be considered for the Michael J. Miller Scholarship, applicants must submit all application material noted above to the AAMI Foundation by April 1st of the year of submission. Admission to the program can be pending at the time of application. The applications must be sent by e-mail or postmarked on or before April 1st of the year of submission to be in consideration.
