

Sigma Theta Tau International/Association of Nurses in AIDS Care Grant

Grantor: Sigma Theta Tau International/Association of Nurses in AIDS Care

Closes: 4/1/2010

Maximum: \$2,500.00

Sigma Theta Tau International/Association of Nurses in AIDS Care Grant

The purpose of the Sigma Theta Tau International/Association of Nurses in AIDS Care Grant research grant is to encourage research career development of nurses through support of clinically oriented HIV/AIDS research and increase the number of HIV studies being done by nurses. This includes studies focused on HIV prevention, symptom management, promotion of self-care and adherence. Proposals for pilot and/or developmental research may be submitted for the grant.

Research Funding

Funds for this grant are provided jointly by ANAC and Sigma Theta Tau International.

Funds for this grant do not cover expenses incurred prior to the funding date.

Eligibility Criteria

- * Registered nurse with current license
- * Have a master's degree, and/or be enrolled in a doctoral program
- * Submit a completed research application via online submission system
- * Ready to implement research project when funding is received
- * Complete project within one (1) year of funding
- * Membership in one organization is required. Applicants are not required to be a member of both organizations. However, preference will be given to honor society and ANAC members, other qualifications being equal.

Grants available:

1 per year

Funding: \$2,500 (max)
