

Genetic Alliance BioBank Grant Opportunity

Grantor: Genetic Alliance

Closes: 5/1/2010

Maximum: \$20,000.00

Genetic Alliance BioBank Grant Opportunity

Genetic Alliance's goal is to build capacity within the genetics community by being fluid, dynamic, and efficient; working to eliminate obstacles and limitations; and fostering innovation and collaboration. It is in this spirit of building capacity and advancing novel partnerships that Genetic Alliance is offering one grant of \$20,000, to be awarded to a single or multi-group organization or consortium towards the start-up fee for membership in the Genetic Alliance BioBank. Applicants are asked to provide a narrative about their organization, their research goals for the BioBank, and examples of utilizing Genetic Alliance tools. Supporting documentation includes financial information, organizational structure, and letters of support.

Application Deadline: May 1, 2010, 6 pm EST

Notification Date: June 15, 2010

For more information on this grant opportunity please join us on March 17, 2010 at noon EST for BioBank Grant Application Webinar.
