

## American Nurses Association Research Grants Program

**Grantor:** American Nurses Association

**Closes:** 5/3/2010

**Maximum:** \$0.00

### American Nurses Association Research Grants Program

The Research Grants Program was founded over 50 years ago to encourage the research career development of nurses. This program continues to grow with contributions for nursing research, from organizations and individuals. These donations support scientific research for advancing the practice of nursing, promoting health and preventing disease.

Each year, through our Nursing Research Grants program, ANF provides funds to beginner and experienced nurse researchers to conduct studies that contribute toward the advancement of nursing science and the enhancement of patient care. Awards are given in all areas of nursing, including healthy patient outcomes, health care policy development, critical care, gerontology, women's health, community and family intervention.

The deadline for all submissions in May 3, 2010.

American Nurses Foundation  
8515 Georgia Ave. Suite 400  
Silver Spring, MD 20910
