There are two application deadlines per year for the U.S. Community Grants program; there is one due date for food/nutrition applications and one for housing applications. You may only apply for one of these two programs each year. Please note that the maximum grant amount that may be requested is USD \$50,000.

- * The Food and Nutrition Community Grants application deadline is March 15, 2010.
- * The Housing Community Grants online application will be available after March 16, 2010, and will be due on June 15, 2010.
- * Should funds become available to fund other program areas, we will announce special grants opportunities on our website. Please refer to the website for all inquiries about the MAC AIDS Fund grant opportunities.

Priority will be given to direct service programs. For the Food and Nutrition program, priority will be given to programs providing meals and/or groceries or pantry bags.
