

## **ECD Global Alliance Request for Proposals for Research Projects Focused on the Pathophysiology or Treatment of Erdheim-Chester Disease**

**Grantor:** ECD Global Alliance

**Closes:** 8/11/2010

**Maximum:** \$50,000.00

ECD Global Alliance Request for Proposals for Research Projects Focused on the Pathophysiology or Treatment of Erdheim-Chester Disease

The purpose of the ECD Global Alliance is to help those affected by Erdheim-Chester Disease. As such, the Alliance's mission is to provide support, promote research, raise awareness and share educational material related to ECD. The organization is currently soliciting grant applications for funding of research projects focused on the pathophysiology or treatment of Erdheim-Chester Disease.

Maximum Amount of Grant to be Awarded: Up to \$50,000 USD

Duration of Grant: 1 Year

Application Deadline: August 11, 2010

Date to be Awarded: October 2010

Eligibility Requirements: Open to all qualified researchers regardless of location.

Erdheim-Chester Disease is an extremely rare disease about which little is known and few studies have focused upon. For this reason, those proposals that include consideration of the following will be emphasized:

- \* Collaboration among institutions to increase knowledge and interest in the disease
- \* Proposed pathway to transition knowledge into the clinical setting
- \* Studies focused on larger numbers of patients
