

Oscar B. Hunter Memorial Award in Therapeutics

Grantor: American Society for Clinical Pharmacology and Therapeutics

Closes: 9/24/2010

Maximum: \$1,500.00

Oscar B. Hunter Memorial Award in Therapeutics

The Oscar B. Hunter Memorial Award in Therapeutics was established in 1955 to honor individual scientists for outstanding contributions to clinical pharmacology and therapeutics. This award recognizes a meritorious career in drug research, excellence or contributions in direct patient care, and a distinguished teaching career.

The Oscar B. Hunter Memorial Award in Therapeutics is the Society's premier award. The goal of the award is to honor a scientist for outstanding contributions to clinical pharmacology and therapeutics over the individual's professional life.

Eligibility

A nominee must be able to provide evidence of an exemplary career in drug research, significant contributions to excellence in patient care, and a distinguished teaching career.

Prize and Presentation

The Oscar B. Hunter Memorial Award in Therapeutics is presented at the ASCPT Annual Meeting. The recipient will present a lecture summarizing the works that form the basis of the award. In addition, the recipient of the award will receive a bronze medal mounted on a plaque and a \$1,500 honorarium. Travel expenses, hotel expenses and meeting registration will be reimbursed by the Society.

Each year, the American Society for Clinical Pharmacology and Therapeutics Scientific Awards Program seeks to recognize outstanding science in clinical pharmacology. ASCPT Awards span the continuum of clinical pharmacology and recognize every turning point in the career path from young investigator to seasoned scientist.

The deadline to submit a nomination is September 24, 2010 at 4:00pm ET.

We encourage all members to participate in this important process. If you have any questions about any of the awards or nomination procedures, please contact meetings@ascpt.org.
