

Rawls-Palmer Progress in Medicine Award

Grantor: American Society for Clinical Pharmacology and Therapeutics

Closes: 9/24/2010

Maximum: \$1,000.00

Rawls-Palmer Progress in Medicine Award

The Rawls-Palmer Progress in Medicine Award was established in 1978 by Dr. W. B. Rawls to further his commitment to continuing medical education and its impact on patient care.

The goal of the Rawls-Palmer Progress in Medicine Award is to incorporate the efforts of modern research in patient care and to help bridge the gap between the results of research and its application in patient care.

Eligibility

The candidate must be an investigator who is actively involved in high-quality clinical pharmacologic research and capable of delivering an engaging, comprehensive lecture on recent developments in clinical pharmacology and therapeutics.

Prize and Presentation

The Rawls-Palmer Progress in Medicine Award is presented at the ASCPT Annual Meeting. The recipient will present a lecture focusing on recent developments in clinical pharmacology. In addition, the recipient will receive a \$1,000 honorarium and a plaque. Travel expenses, hotel expenses and meeting registration will be reimbursed by the Society. This award was founded through the generosity of the late Dr. and Mrs. W.B. Rawls, and honors the memory of their parents.

Each year, the American Society for Clinical Pharmacology and Therapeutics Scientific Awards Program seeks to recognize outstanding science in clinical pharmacology. ASCPT Awards span the continuum of clinical pharmacology and recognize every turning point in the career path from young investigator to seasoned scientist.

The deadline to submit a nomination is September 24, 2010 at 4:00pm ET.

We encourage all members to participate in this important process. If you have any questions about any of the awards or nomination procedures, please contact meetings@ascpt.org.
