

## Cleft Palate Foundation Research Grants

**Grantor:** Cleft Palate Foundation

**Closes:** 1/15/2011

**Maximum:** \$10,000.00

### Cleft Palate Foundation Research Grants

The Cleft Palate Foundation (CPF) currently offers five research grants, offered each year, in the area of cleft lip, cleft palate, and related craniofacial anomalies.

The following is a listing and description of the five grants:

\* The Cleft Palate Foundation Junior Investigators Research Grants are sponsored by the Cleft Palate Foundation. The purpose of the grants is to (a) aid in the development of scientific investigators who are committed to problems related to the cleft lip and palate, and other craniofacial abnormalities, and (b) encourage scientific research on problems related to the diagnosis and treatment of cleft lip and palate, and other craniofacial abnormalities. The two grants are offered to new investigators (those enrolled in accredited graduate training programs related to the disciplines recognized by the American Cleft Palate-Craniofacial Association; those holding the academic rank of assistant professor or below; or investigators who are no more than 5 years past their PhD or specialty professional training) and have a maximum allocation of \$5,000 per year.

\* The Cleft Lip/Palate and Craniofacial Anomalies Grant is sponsored by the American Association of Oral and Maxillofacial Surgeons in Rosemont, Illinois. The purpose of the grant is to encourage scientific research to evaluate developmental and therapeutic issues relating to cleft lip and palate and other craniofacial anomalies. This grant is available to junior and senior investigators in an amount of \$10,000.

\* The Etiology of Cleft Lip/Palate and Craniofacial Anomalies Research Grant is sponsored by the Cleft Palate Foundation. The purpose of the grant is to encourage scientific research on problems related to the etiology, diagnosis, and treatment of cleft lip/palate and craniofacial anomalies. It is available to junior and senior investigators in an amount of \$10,000.

\* Please note: The 2010 funding for this grant has been reduced to \$2,500. The CCA Research Grant is sponsored by the Children's Craniofacial Association of Dallas, TX. The purpose of this grant is to promote scientific research about developmental and therapeutic issues related to cleft and craniofacial conditions. The grant is designated for clinical research projects only. It is available to junior and senior investigators.

Please mail your completed application and 11 copies by January 15th to:

Cleft Palate Foundation  
1504 East Franklin Street, Suite 102

Chapel Hill, NC 27514; USA
