

Call for Nominations: Innovation in Materials Characterization Award

Grantor: Materials Research Society

Closes: 10/1/2012

Maximum: \$5,000.00

Call for Nominations: Innovation in Materials Characterization Award

2013 Nomination Deadline: October 01, 2012

Purpose

To honor an outstanding advance in materials characterization that notably increases the knowledge of the structure, composition, in situ behavior under outside stimulus, electronic, mechanical, or chemical behavior, or other characterization feature, of materials. It is not limited to the method of characterization or the class of material observed. Impact of the advance on materials research will be the primary consideration in making the award. Nominations for this award may be made for scientists and engineers in all areas of materials research.

The Award

The annual award consists of a \$5,000 cash prize, a presentation trophy, and a certificate. The award is presented annually at the MRS Spring Meeting. Meeting registration fee and transportation and hotel expenses to attend the meeting at which the award is presented will be reimbursed.

Endowers

The Innovation in Materials Characterization Award has been endowed by Dr. Toh-Ming Lu and Dr. Gwo-Ching Wang

Nomination Information

Nominations for the Innovation in Materials Characterization Award will be accepted through October 1.
