

Society for the Arts in Healthcare Student Scholarship

Grantor: Society for the Arts in Healthcare

Closes: 10/31/2012

Maximum: \$1,000.00

Society for the Arts in Healthcare Student Scholarship

Purpose

To offer an annual scholarship to one Society for the Arts in Healthcare undergraduate, graduate, or doctoral student member who has made a contribution to the field of arts in healthcare or shows significant interest in the field of arts in healthcare as a future career

Award

\$1,000 scholarship to support education in an arts in healthcare curriculum, made possible by the generous support of Tina S. Lassiter

Award announcement posted on the Society's website and Facebook page

Eligibility Criteria

To be considered, applicant must be a current student member of the Society for the Arts in Healthcare in good standing, and must show documentation of at least part-time enrollment in an accredited institution.

Applicant should demonstrate specific contributions to the field of arts in healthcare through the development of student activities, community outreach, and/or similar actions that either support the integration of the arts into the healthcare experience or show significant interest in the field.

Current board members, employees, or interns of the Society are not eligible.

Previous recipients of this award are not eligible.

There are no restrictions regarding race, gender, nationality, geographic location, or religious or political views.

Application Process

The application criteria and process will be promoted to membership and posted on the Society's website (Student page) and Facebook page by September 1st each year.

Applications must be submitted electronically, along with all supporting materials, no later than October 31st each year.

Application Materials

The following materials must be sent electronically to the Society as noted above. Preferred file formats are *.doc or *.pdf. All materials should be submitted in English.

Application Form (Application form must be completed in full.)

Personal Statement: The personal statement should include a list of the individual's accomplishment(s) as a student and briefly address the following questions (please limit statement to 600 words):

What is your interest in the arts in healthcare, including past and present involvement in the field?

What future contribution(s) would you like to make to the arts in healthcare field?

What are your thoughts about the future of this field?

Supporting Materials

References. Please list contact information for two references who can speak to your personal and professional attributes.

Proof of Enrollment. Please submit current proof of enrollment as a part- or full-time student, such as a copy of an official current class schedule, a transcript (official or unofficial), or verification on school letterhead from a current counselor or academic advisor (with contact information).

Selection

The applications will be reviewed by the members of the Awards Committee.

Applications will be judged according to creativity, uniqueness, and ability to implement thoughts and ideas regarding the future of this field.

The Awards Committee will select the final scholarship recipient in January of each year.

Scholarship recipient will be notified of the award by February 1st of each year.
