

Somnia Anesthesia Certified Registered Nurse Anesthetist of the Year Contest

Grantor: Somnia Anesthesia

Closes: 2/10/2012

Maximum: \$0.00

Somnia Anesthesia Certified Registered Nurse Anesthetist of the Year Contest

Do you know an outstanding Certified Registered Nurse Anesthetist (CRNA)? Nominate him or her for Somnia's first CRNA of the Year award! The winner will be announced on February 14, 2012.

Nomination deadline: 11:59 pm on Friday, February 10, 2012.

To commemorate National Nurse Anesthetists Week (January 22-28), Somnia Anesthesia has announced its first annual CRNA of the Year contest. Somnia, a national anesthesia practice management company, will be accepting nominations of Certified Registered Nurse Anesthetists (CRNAs) from throughout the country from January 22 through February 10.

CRNAs can be nominated at <http://www.somniainc.com/CRNA2012> by a colleague, patient, or other healthcare professional. The winner, who will be selected by a panel of senior-level healthcare clinicians and administrators, will be announced on February 14. He or she will receive iPad2.

Nurse anesthetists are advanced practice registered nurses who administer approximately 32 million anesthetics in the United States each year, according to the American Association of Nurse Anesthetists (AANA), the professional organization for nurse anesthetists, and the sponsor of National Nurse Anesthetists Week. Practicing in every setting where anesthesia is available, CRNAs are the sole anesthesia professionals in the vast majority of rural hospitals and have been the main provider of anesthesia care to U.S. service men and women on the front lines since World War I.

About Somnia Anesthesia

Founded in 1996 by practicing anesthesiologists, Somnia Anesthesia is a full-service clinical anesthesia solutions partner, providing support in all areas of anesthesia including leadership, recruiting, revenue cycle management, payor contracting, quality assurance, billing and credentialing to hospitals, surgery centers and office based surgical facilities. Owned and operated by physicians, Somnia provides locally recruited anesthesia teams, supported by an unmatched national infrastructure that delivers the economies of scale clients demand. Anesthesia services continues to be Somnia's only business.
