

Call for Applications: 2012 National Science Foundation Research Experiences for Undergraduates Program at the Institute for NanoBioTechnology at Johns Hopkins University

Grantor: Institute for NanoBioTechnology at Johns Hopkins University

Closes: 2/12/2012

Maximum: \$4,800.00

Call for Applications: 2012 National Science Foundation Research Experiences for Undergraduates Program at the Institute for NanoBioTechnology at Johns Hopkins University

The Institute for NanoBioTechnology at Johns Hopkins University offers undergraduate students from colleges and universities around the country a chance to participate in research projects in the exciting and rapidly growing area of nanobiotechnology, a place where biology, medicine, and nanotech meet.

The 2012 REU runs from 6/4/2012 to 8/12/2012.

Application (Deadline 2/12/2012)*

Recommendation (Two recommendations are required)*

*Transcripts and recommendations should be sent to reu@inbt.jhu.edu

Benefits

hands-on graduate level laboratory research experience

guidance from faculty and graduate student mentors

\$4800 stipend + allowance for travel and housing

professional development seminars

Program Requirements

orientation

10 weeks of research

professional development seminars (topics such as: venture capital in nanobiotechnology, ethics in research, intellectual property)

present research at poster session

Who should apply

undergraduate students from all institutions who have completed their sophomore or junior year

under-represented students in science and engineering are encouraged to apply
only U.S. citizens and permanent residents are eligible to apply
Johns Hopkins University students are NOT eligible
