Maximum: \$25,000.00

Request for Proposals: National League for Nursing Nursing Education Research Grants Program and NLN/MNRS Doctoral Dissertation Award

Due February 23, 2012

The NLN's research grants program support rigorous, high-quality studies that contribute to the development of the science of nursing education. The NLN is deeply committed to supporting beginning researchers as well as accomplished nursing education scholars, and encourages projects in which research mentors and protégés partner to conduct a study. Principal investigators must be current NLN members, either through their school or through individual dues payment.

All studies must relate to one or more of the NLN's Priorities for Research in Nursing Education. In addition priority will be given to studies evaluating the success of strategies for ensuring a diverse student population, provide a mentoring relationship for novice researchers and/or are multisite.

Award amounts will vary with the nature of the study proposed. Proposals may be submitted for amounts up to \$25,000. The NLN/MNRS dissertation award is \$2,500. Dissertation proposal budgets exceeding that amount may also be considered for the NLN Nursing Education Research Grants.

The proposal must be submitted electronically as a Microsoft Word document no later than 4:00 p.m. (EST) on February 23, 2012 to research@nlm.org. Incomplete proposals or proposals submitted after this date/time will not be accepted for review.

NOTE: A proposal will be considered to be complete only if all of the following components are included and all are submitted simultaneously:
