

Student Scholarships for the 2012 American Academy of Clinical Neuropsychology Convention

Grantor: 2012 American Academy of Clinical Neuropsychology

Closes: 3/1/2012

Maximum: \$500.00

Student Scholarships for the 2012 American Academy of Clinical Neuropsychology Convention

Two \$500 student scholarships will be awarded for AACN's 10th Annual Meeting and Workshops, June 20-23, Renaissance Seattle Hotel. This year's meeting will feature another outstanding lineup of adult, pediatric, and forensic workshops, as well as a series of student-focused activities, including the annual Student Forum, Training Director's Hour, and opportunities to meet with experienced neuropsychologists and training faculty. These scholarships can be used to offset the cost of meeting attendance, including conference and workshop registration, travel and lodging, and meals. One of the scholarships will be designated as a Diversity Scholarship; while the second will be unrestricted. In order to be considered for the Diversity Scholarship, applicants should be either: a) individuals from underrepresented racial and ethnic groups; b) individuals with disabilities; or, c) individuals from socially, culturally, economically, or educationally disadvantaged backgrounds that have inhibited their ability to pursue a career in health-related professions.

Applications for scholarships should include: a) CV; b) a one-page personal statement (to include why coming to AACN be a financial hardship and how the applicant will benefit from the scholarship); c) names and contact information for two professional references. Those individuals applying for the Diversity Scholarship should describe their eligibility in the personal statement. All application materials should be sent by email no later than March 1, 2012.
