

Research and Education Foundation of the Society for Pediatric Radiology Seed Grant

Grantor: Research and Education Foundation of the Society for Pediatric Radiology

Closes: 3/15/2012

Maximum: \$10,000.00

Research and Education Foundation of the Society for Pediatric Radiology Seed Grant

The Research and Education Foundation of the Society for Pediatric Radiology annually offers funds to foster research and education in pediatric radiology. The deadline is March 15 each year.

The purpose of the Seed Grant award is to assist investigators in defining objectives and testing hypotheses before they apply for major grants from corporations, foundations or government agencies. Any area of radiology-related research is acceptable, but the Foundation Board may also announce priorities annually.

Amount: One-year grant of \$10,000 or less to support a specific research project. No salary support will be provided.

Beginning in 2008, each year, the SPR REF Board may award a John Dorst - Felix Fleischner Seed Grant in Thoracic Pediatric Radiology

Beginning in 2011, the Seed and Pilot SPR grants will be applied for using the Common Application through the IORC website: www.radresearch.org.

To begin:

Go to www.radresearch.org

Select Common Application from the Navigation menu on the left

If you are not already registered, register your name and password

Select the desired Grant Program

Print the Instructions from the page

Begin completing the form
