

Cystic Fibrosis Foundation Summer Scholarships in Epidemiology

Grantor: Cystic Fibrosis Foundation

Closes: 4/1/2012

Maximum: \$2,000.00

Cystic Fibrosis Foundation Summer Scholarships in Epidemiology

Application Deadline: April 1

Awards are available to increase skills in epidemiology for M.D.s currently working in cystic fibrosis. Scholarships cover tuition and expenses up to \$2,000 for selected summer epidemiology programs. Course work should include biostatistics and epidemiology, particularly clinical epidemiology and/or clinical trials.

For More Information

Individuals interested in any of the above-mentioned funding program may contact the Grants and Contracts Office for further information and/or to discuss the potential relevance of their studies or research to the mission of the CF Foundation and to the objectives of these programs.
