### Award Criteria

The Robert F. Allen Symbol of H.O.P.E. (Helping Other People Through Empowerment) Award honors individuals who have made outstanding contributions to promoting cultural diversity within health promotion or who have demonstrated significant achievement in serving the health promotion needs of underserved populations. National prominence or celebrity status is not one of the criteria for the award.

The purposes of this award are to (1) reward those who have devoted their careers to serving underserved populations and promoting cross-cultural harmony, (2) disseminate innovative and effective strategies to do this, and (3) increase the attention directed toward these efforts within the health promotion community.

This award is made in recognition of Dr. Robert F. Allen's work in helping people live harmoniously and achieve their greatest potential by learning how to create cultural norms that support these goals.

### Nominations and Selection Process

Award winners will be selected from nominations submitted by peers. Nominations should include the following information:
