

Upper Extremity Traveling Fellowship

Grantor: ISAKOS–International Society of Arthroscopy, Knee Surgery and Orthopaedic Sports Medicine

Closes: 9/1/2012

Maximum: \$4,000.00

Upper Extremity Traveling Fellowship

This fellowship was developed by the ISAKOS Upper Extremity Committee to promote better understanding and communication regarding injuries or conditions involving the structures of the Upper Extremity. This Traveling Fellowship is available on a competitive basis to an orthopaedic surgeon interested in the study and advancement of understanding of the Upper Extremity.

Application Requirements

This opportunity will be available on a competitive basis to an orthopaedic surgeon between the ages of 35 and 45 years, interested in the study and advancement of understanding of injuries to the Upper Extremity. Applicants are required to submit two short essays (250 words or less), two letters of recommendation and their curriculum vitae. The first short essay must indicate their interest in the Upper Extremity and reasons for applying for the fellowship and the second short essay should indicate their academic goals and teaching opportunities. Please ensure submitted CVs include orthopaedic training, including fellowships, list of publications and awards.

All applications must be submitted by September 01, 2012.

Review Process

Applications will be reviewed and winners will be selected by representatives of the ISAKOS Upper Extremity Committee. Preference will be given to those who have established an academic record of accomplishment.

Terms and Conditions

Two fellowships will be awarded during the award ceremony at the ISAKOS Congress, one for the 2011 fellowship and another for the 2012 fellowship. Winners will receive waived registration to the ISAKOS congress and will be presented with a framed certificate during the awards ceremony at the ISAKOS Congress.

For each Fellowship recipient, The Patellofemoral Foundation will provide a stipend of US \$4,000 to permit visits to several centers, worldwide, that offer opportunities to learn about the complexities of patellofemoral pain. Fellows must complete travel within the designated year and write a report of the experience to present at the next ISAKOS Congress, as well as, submitted for possible publication in *Arthroscopy: The Journal of Arthroscopic and Related Surgery*.
